

Priya Sharma

Data Analyst | Bengaluru, India

priya.sharma@example.com | +91 90000 00000 | [linkedin.com/in/example-priya](#)

SUMMARY

Data analyst with 3 years of experience in retail and e-commerce analytics. Comfortable owning reporting end to end, from SQL extraction through to dashboards and readouts for category and marketing teams.

SKILLS

Languages and querying: Python, SQL, advanced Excel
Python libraries: pandas, NumPy, Matplotlib, scikit-learn (basic)
Business intelligence: Power BI, Tableau, Google Analytics
Statistics: A/B testing, cohort analysis, regression, forecasting
Databases: PostgreSQL, MySQL, Google BigQuery

EXPERIENCE

Data Analyst - BrightCart Retail Pvt Ltd

July 2023 - Present | Bengaluru

- Built and maintained 14 Power BI dashboards used daily by the category and supply planning teams, replacing manual weekly Excel reporting.
- Wrote and tuned PostgreSQL queries over a 40 million row order table, cutting the main sales report refresh from 25 minutes to under 4.
- Designed and analysed 12 A/B tests on checkout and promotion flows; one pricing change was rolled out and lifted basket value by 6%.
- Automated a recurring stock-out report in Python, saving roughly six hours of manual work each week for the planning team.

Junior Analyst - Mandala Digital Agency

August 2022 - June 2023 | Pune

- Reported on paid campaign performance for eight client accounts using Google Analytics and Excel.
- Built the agency's first churn summary in pandas, highlighting three accounts at risk of non-renewal.

EDUCATION

B.Sc. in Statistics, Fergusson College, Pune - 2022

CERTIFICATIONS

Google Data Analytics Professional Certificate - 2023

Microsoft Power BI Data Analyst Associate (PL-300) - 2024

PROJECTS

Customer Segmentation Study

- Segmented 50,000 customers with k-means in scikit-learn and summarised the four resulting groups for the marketing team.
